Simple, straight forward swampy tremolo night after night...

**Volume:** This controls the total output volume of the pedal. On a tremolo effect, some exaggerated settings can have a perceived volume drop. To compensate you may want to boost the level up just a bit in order to keep the volume consistent with the unaffected tone.

**Depth:** This will adjust the depth of the tremolo effect that you hear. Counter clockwise will have the least amount of effect, clockwise will create more of the effect.

**Speed:** This will adjust the speed of the tremolo effect (the number of times your guitar peaks at full volume per minute). Turning the control counter clockwise will make the effect slower, turning the control clockwise will make the rate of the tremolo effect increase.

**Power:** This pedal was designed around the usage of a 9v or 18vDC power source and is not intended to sound its best at 9V. To avoid damage to the pedal, do not exceed 18VDC, do not use AC power. Using an incorrect power adapter can lead to damage and will void the warranty on the pedal. This pedal draws approximately 34mA at 9vdc. The warranty begins at the point of purchase.

**FOR YOUR PROTECTION**

WAMPLER Pedals Limited Warranty

WAMPLER offers a five (5) year warranty to the original purchaser that this WAMPLER product will be free from defects in material and workmanship. A dated sales receipt will establish coverage under warranty. This warranty does not cover service or parts to repair damage caused by accident, neglect, normal cosmetic wear, disaster, misuse, abuse, wear and tear, inadequate packing or shipping procedures and services, repair or modifications to the product, which have not been authorized or approved by WAMPLER. If this product is defective in materials or workmanship as warranted above, your sole remedy shall be repair or replacement as provided below.

**RETURN PROCEDURES**

In the unlikely event that a defect should occur, follow the procedure outlined below. Defective products must be shipped, together with a dated sales receipt, freight pre-paid and insured directly to WAMPLER SERVICE DEPT - 3583 Gage Ave., Huntington Park, CA 90255. A Return Authorization Number must be obtained from our Customer Service Department prior to shipping the product. Products must be shipped in their original packaging or its equivalent; in any case, the risk of loss or damage in transit is to be borne by the purchaser. The Return Authorization Number must appear in large print directly below the shipping address. Always include a brief description of the defect, along with your correct return address and telephone number.

When emailing to inquire about a returned product, always refer to the Return Authorization Number. If WAMPLER determines that the unit was defective in materials or workmanship at any time during the warranty period, WAMPLER has the option of repairing or replacing the product at no additional charge, except as set forth below. All replaced parts become a property of WAMPLER. Products replaced or repaired under this warranty will be returned via ground shipping within the United States freight prepaid. WAMPLER is not responsible for costs associated with expedited shipping, either to WAMPLER or the return of the product to the customer.

**INCIDENTAL OR CONSEQUENTIAL DAMAGE**

In no event is WAMPLER liable for any incidental or consequential damages arising out of the use or inability to use of any WAMPLER product, even if WAMPLER or a WAMPLER dealer has been advised of the possibility of such damages, or any other claim by any other party. Some states do not allow these types of exclusions or limitations of consequential damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

**CUSTOMER SUPPORT**

Our dedicated staff is ready to help you with any warranty or product questions – please email us at help@wamplerpedals.com or call us at (765) 352-8626.
